Hi Jack.

I don't know the answers to your questions, so I'm copying someone who does. His name is Brian Mikucki and he works for a company called Tierra Solutions, which owns the planters. I will gladly be involved in the discussions, but it would probably be more direct for the two of you to talk to see if you can come to an agreement. Hopefully, this will all work out.

Thanks,
Elizabeth

How many would you want to give us and would you be delivering by them to us?

Hi Elizabeth, can you send me a photo of the planters?

Hi Jack.

My name is Elizabeth Butler and I work for the Environmental Protection Agency. I got your contact info from Scott Dvorak at the Trust for Public Lands. I reached out to him and am now reaching out to you because there are several large concrete planters at a site I work on in Newark which we are looking to donate. Scott suggested that the Traffic Department might have a use for them. If you think there would be an interest and you have any questions or would like to arrange to see them, please let me know. You can email me back or call me at 212-637-4396.

Thanks and have a good day,
Elizabeth
